

your time is now

feel your best through cutting-edge core nutrition

You try to eat right, exercise regularly and maybe even take a multivitamin. Right now, you might feel pretty good. But why settle for *pretty good* when you can feel *great*? Reliv Now® with Soy is the answer.

Discovering your best health shouldn't require mixing and matching bottles of vitamins. Reliv Now with Soy is nutrition made simple. It's part of something we call the *Reliv Difference*:

Bioavailability. Your body needs to be able to absorb nutrients, which is why Reliv uses only high-quality nutrients that are available for rapid absorption when dissolved in a Reliv shake. Plus, you're getting a higher percentage of the nutrients available for absorption in every Reliv shake.

Synergism. The ideal combination of ingredients in a science-based formula brings out the full potential in all nutrients.

Optimal Nutrition. Optimizing key nutrient levels beyond minimum daily requirements leads to greater health benefits and an improved quality of life.

Guaranteed Quality Ingredients. Sourced from the industry's top suppliers and rigorous testing mean what's on the label is in the can — guaranteed.

Get More

Reliv Now with Soy goes beyond a standard multivitamin pill, giving you more of **everything** your body needs.

Vitamins & Minerals: contains more vitamins and minerals than leading multivitamin pills, in an easily absorbable liquid form. You get double the amount of vitamins B and E, and as much as eight times the vitamin C. In addition, Reliv Now with Soy delivers higher levels of essential minerals such as copper, zinc and calcium.

Antioxidants: provides many antioxidants not found in popular vitamin brands, including patented **Pycnogenol®** — one of the most cutting-edge ingredients available today. More than 170 studies have demonstrated Pycnogenol's ability to fight free radical damage, support immunity, improve blood circulation and lower blood glucose, among other benefits.

Protein: packs a powerful protein punch. Doctors recommend 50-60 grams of protein daily, but most multivitamins contain none. Reliv Now with Soy gives you 7 grams per serving of the highest-quality, plant-based protein available.

LunaRich®: Super Soy

LunaRich is the most advanced soy product on the market today — and it's only available from Reliv.

Research shows a naturally occurring peptide called lunasin is responsible for many of soy's remarkable health benefits. Reliv's exclusive LunaRich soy powder delivers more bioactive lunasin — often many times more — than any other soy powder available.

LunaRich is made from non-GMO soybean varieties with the highest concentration of lunasin and manufactured through a proprietary mechanical process (vs. chemical) that maintains the bioactivity of the lunasin, maximizing its proven benefits:

- Promote healthy cholesterol
- Healthy inflammatory response
- Antioxidant benefits
- Improved immunity
- Overall cellular health
- And the list keeps growing...
